## **Sensors and Transducers**

Air Velocity Sensors  
Eddy Current Displacement  
Gaging & Automation Position Sensors  
Load Cells/Force Sensors  
OEM Pressure Sensors  
Pressure Transducers  
Proximity Sensors  
Torque Sensors  
Rotary Torque Transducers

Companies Represented: **All Sensors, Futek, Kaman, TSI**

## **Manufacturing Process Products**

Desiccant Dehumidification Systems  
Dew Point & Temperature Transmitters  
Compressed Air Monitoring Systems  
DP Transmitters  
Digital Process Indicators  
SCR Power Controllers  
Signal Conditioning  
Thread Checking Systems

Companies Represented: **Bry-Air, Doric Instruments, Kaman, PCS/Research, Testo**

## **Health, Safety, Security, Environmental Monitoring and Control**

Desiccant Dehumidification Systems  
Noise Control Solutions - OEM - HVAC - Industrial - Architectural  
Aerosol Dust Monitors, Combustion Gas Monitors  
Indoor Air Quality Monitors CO, CO<sub>2</sub>, Temperature & Humidity  
Nanoparticle Monitors  
Personal Dust Sample Pumps  
Portable Pressure Measurement & Flow Analysis  
PortaCount Respirator Fit Testing System  
Ultrafine Particle Counters  
Ventilation Test Instruments - Air Velocity, Volume, Temperature, Humidity, Dew Point, Heat Flow

Companies Represented: **BRD Noise & Vibration Control, Bry-Air, TSI**

## **Quality, Test and Measurement Products**

Load Cell Calibration systems  
Recorders and Memory Recorders  
Power Quality Analyzers  
LRC Testers  
Milliohm and Megohm Testers  
Field Instruments

Companies Represented: **Futek, Hioki**

## **Position and Displacement Measuring Systems**

Capacitance Displacement Measuring Systems  
Eddy Current & Inductance Displacement Measuring Systems  
Extreme Environment Eddy Current Displacement Measuring Systems  
Extreme Environment Strain Gauge Measuring Systems  
Fiber Optic "Fotonic" Displacement & Vibration Measuring Systems  
Gaging & Automation Position Systems  
Laser Displacement Measuring Systems  
Vehicle Test Measurement Systems

Companies Represented: **Kaman, MTI Instruments**

## **Data Acquisition Products**

Data Acquisition Software  
Personal Data Loggers  
Portable (USB based) Data Acquisition Modules  
Recorders and Memory Recorders  
Strain Gauge Measurement Systems  
Mini Temperature/Humidity Loggers  
Wireless Temperature & Humidity Monitoring Systems

Companies Represented: **Doric Instruments, Hioki, Testo**

## **Drying, Curing and Infrared Heating Products**

Dry Air Drying Systems  
Applied Light Sources, NIR and Medium Wave Infrared  
Short & Medium Wave Lamps  
High Intensity Infrared Heating Components  
Strip Heaters, Spot Heaters, Line Heaters, Area Heaters  
High Speed Chamber Heaters  
High Temperature Material Testing Furnaces  
Industrial Infrared Drying and Curing Ovens  
Drying Systems for High Speed Ink Jet Printing  
Specialized Systems for Custom Applications

Companies Represented: **Bry-Air, Precision Control Systems, Research**

## **Noise and Vibration Monitoring, Analysis and Control**

Rotating Machinery Analysis Systems  
Machine & Shaft Balancing Systems  
Motor Condition Monitors  
Vibration Isolators  
Vibration & Acoustic Real-Time Analysis Systems  
Predictive Maintenance Monitors

Companies Represented: **BRD Noise & Vibration Control**
